

Countersunk Head Blind Rivet Nuts

We can supply a wide range of countersunk head rivet nuts in various types, sizes and materials.

Countersunk Head Knurled Round Open Rivet Nut

Similar to flat head nuts, but where a flush surface finish is required. Used in a multitude of industries such as aerospace, automotive, rail, HVAC, white goods, electronics, DIY, and general engineering.

Countersunk Knurled Round Closed Rivet Nut

Similar to countersunk round open but used when a moisture or pressure-tight seal is required. Used in white goods, electrical enclosures, indoor and outdoor electronic signs, automotive, aerospace, rail, and HVAC.

Available in the following materials and sizes

Countersunk Head Blind Rivet Nuts				
	Aluminium	Steel Zinc&Clr Tri8	A2 Stainless Steel	A4 Stainless Steel
